

Member ID Cards

Effective August 1, all members enrolled in the Student Health Insurance Plan will receive a card with their own name on it. Your Blue Cross Blue Shield of Massachusetts (BCBSMA) ID card is for both medical and prescription drug purchases.

All ID cards are mailed to the address on file with your Registrar's office. To update your mailing address, contact your Registrar's office. In order to avoid claims issues, present your Member ID card to your provider's office each time you receive medical care.

BCBSMA Medical and Prescription ID Card

Enrolled students and dependents will receive an ID card with their own name on it. Dependents will have the same ID number as the subscriber. You will use this ID card for both medical and prescription drug purchases.

If you do not have your ID card, you can still fill a prescription by providing the pharmacist with the following information:

Plan Name: Blue Cross Blue Shield of Massachusetts (BCBSMA)

Policy Number: Same as the medical BCBSMA ID number
