Optional Extension for March 2021 Graduates

POLICY STATEMENT

If you are a March 2021 graduate currently enrolled in the Student Health Insurance Plan and the Student Health Fee, we are offering a one-time opportunity to extend your HUSHP coverage beyond January 31. Please note that this extension may not be the right option for all graduates. When shopping for health insurance, make sure you are an informed consumer and ask the right questions.

- To qualify to purchase the extension, you must be a March degree graduate currently enrolled in both the Student Health Fee and the Student Health Insurance Plan for Fall 2020. You may add dependents if they were enrolled in HUSHP for Fall 2020. This extension does not apply to the optional dental plan. Extension School Students do not qualify for enrollment.

- Enrollment is not automatic; an enrollment application must be completed and submitted by midnight (EST) on January 31. NO EXCEPTIONS!

- The extension is sold in a six-month (02/01-07/31/21) block of coverage only, and includes both the Student Health Fee and the Student Health Insurance Plan.

- Payment must be made in full before your coverage will be activated; payment must be made through the online HUSHP payment portal and a copy of the receipt must be emailed with the application. If payment is not made in full by January 31, your application will be voided. In the event that your payment is initially processed and then does not clear, HUSHP reserves the right to void your application.

- You may add a dependent to your coverage after the open enrollment period only if your dependent(s) experiences a qualifying life-changing event. The coverage and the cost will be pro-rated to the day of the event. Documentation of the event is required. Payment must be made in full through the online HUSHP payment portal before your dependent(s) coverage can be activated. Please contact Member Services for payment amount.

- This is not your only option; you can explore alternative health plan options via the Massachusetts Health Connector and HealthCare.gov.

CANCELLATIONS:

- Cancellations for a full refund will only be accepted through midnight (EST) on 01/31/2021, no exceptions.

- We will offer a one-time opportunity to cancel the extension at the three-month mark for the non-used coverage period 05/01/2021-07/31/2021 (for a three-month refund); cancellation information will be communicated via email to enrolled subscribers in April. Cancellations will only be accepted between April 1 and midnight (EST) April 30.

- Appeals to this policy will not be considered.

If approved:

- Once your payment is made in full, it may take 5-10 business days for coverage activation.

- By purchasing the extension plan, you understand that you will be enrolled in the Student Health Fee and the Student Health Insurance Plan from 02/01/21-07/31/21. The only exception is for dependents added due to a life-changing event.

- This is a one-time extension; you will be responsible for securing other health coverage when the extension terminates on 07/31/2021.
