The AY2018-19 waiver deadline is July 31, 2018 11:59 PM Eastern.

All registered Harvard students are automatically enrolled in the Harvard University Student Health Program and charges are applied to the student bill.

If you are covered by other comparable health insurance, you can waive the Harvard University Student Health Insurance Plan coverage for Fall 2018 or AY2018-19 by completing an online waiver application:

SUBMIT WAIVER APPLICATION

FILING A WAIVER:

STEP 1
Use our waiver checklist to evaluate whether your non-Harvard insurance is comparable for waiving.

STEP 2
If you decide to waive, complete an online waiver application. You need your HarvardKey credentials to access the waiver application online.

STEP 3
Keep your confirmation email for your records. We will only review appeals with a copy of your confirmation email.

- [Returning students]: waiver applications do not renew automatically—you must submit a new application each year (or term if applying by term).
- A limited number of students who meet certain criteria are eligible to waive the Student Health Fee. (Learn more about the separate waiver)
- Don't have insurance information yet and want to waive. (Learn more)
- For more information on waiving coverage, visit: https://hushp.harvard.edu/waiving-health-insurance-coverage.
