

## Maximum Rollover

At Blue Cross Blue Shield of Massachusetts, we understand that oral health is a critical part of over all health. That's why we're introducing a new dental benefit that will allow you to roll over a portion of your unused dental benefits from year to year.

This means that you can accumulate benefit dollars to help offset higher out-of-pocket costs for complex procedures.

This benefit applies to you automatically if you:

- Receive at least one service during the benefit period
- Remain a member of the plan for the entire benefit period
- Do not exceed the claim payment threshold in the benefit period

## How Maximum Rollover Works

Beginning 60 days after the last day of your benefit period, your rollover amount will be added to your maximum benefit amount, increasing it for you to use that year and beyond (see below for amounts and maximums).

There is no cost to you. You don't need to do anything. In order to figure out the amount of benefit dollars that are eligible to roll over, just use the chart below. Start by searching for your benefit period maximum in the first column. If Blue Cross Blue Shield of Massachusetts does not pay out more claims dollars on your behalf than the amount in the 2nd column, your benefit maximum for the next year will increase by the amount in the 3rd column.

And, your rollover amount keeps growing and is available for you to use as long as your employer offers this rollover benefit.\* The last column will show you the total amount of additional benefit dollars you can earn. It's one more way Blue Cross Blue Shield of Massachusetts is striving to improve health care for all our members.
